Motor Carrier Information

Motor Carrier: MARTEN TRANSPORT LTD
 City: MONDOVI State: WI
 US DOT #: 74432 Cargo Tank #
 Transports HAZMAT: Yes Transports Passengers: No

Violation Information

Violation involves "HOURS OF SERVICE": No
 Violated Regulation:
 Motorist Complaint

- Witnessed a commerical motor vehicle following too close.
- Witnessed a commerical motor vehicle changing lanes improperly.
- Witnessed a commerical motor vehicle driving recklessly.
- Witnessed a commerical motor vehicle turning improperly.
- Driver was seen hauling trailer # 82189 or 82129, I cannot recall exactly which one. It had CORROSIVE and HAZARDOUS placards on the trailer. I witnessed driver violating carpool lane restrictions on Highway 167 South in Kent, Washington. Driver also seen changing lanes without signaling, cutting in front of another vehicle without a safe distance in between them, and tailgating the car in front of

him. Any one of these is serious enough by themselves when driving a tractor, but when you add the hazmat placards, it makes it a lot worse

(b)(3) (b)(7)(D)

Dear Mr. (b)(3) (b)(7)(D)

This is in response to your call to our Federal Motor Carrier Hotline concerning the safety practices of Marten Transport LTD. After careful review we have decided not to conduct an investigation.

From the information that you have provided we reviewed the safety rating of the company. Although the driving habits you witnessed are serious in nature we do not have the required jurisdiction. Contact was made with the company's safety director and the matter was discussed in detail. We will continue to monitor their safety performance.

Complaints to our agency must include a specific example of a Federal violation, which would include the date, location, and other pertinent information, and allege interstate violations or violations subject to our jurisdiction which have occurred within the previous sixty days.

Thank you for your interest in motor carrier safety.

Sincerely,

Mark G. Oesterle
Division Administrator
