##### Motorist Complaint

- Witnessed a commerical motor vehicle driving recklessly.
- 10:00 a.m. on 5/30/2012 tailgating me (right on my bumper at 70MPH, I-80 heading north/east on 2 lane highway. The left lane traffic was moving lightly faster than the right lane. My vehical has Lazer Cruise Control which keeps us a safe distance relative to speed from the vehical infront of us. The driver pulled to the right lane , passed us and without signalling pulled into the left lane in front of us and had I not taken evasive action he would have stripped the front bumper off our van. He then slowed to the speed of the right lane traffic and I continued in a "blocked" position for a few miles until I could move into the right lane. The right lane

traffic sped up slightly and I was able to pass him and get the DOT numbers.

**Additional Information:**

The driver was pulling a tarped load and the trailer had Wyoming license 19 4975 I realize that this is his word against mine but in my opinion the truck driver was irresponsible and indangered us and several other drivers
