QUEST LINER INC
2099 SOUTHPARK CT STE 1
DUBUQUE, IA 52003

Dear Motor Carrier:

The Federal Motor Carrier Administration (FMCSA) has noticed a trend in the violations identified during roadside inspections of QUEST LINER INC's vehicles and/or drivers. Specifically, our records show significant non-compliance in the area(s) of **Unsafe Driving**. This warning letter formally notifies you of these safety performance and compliance problem(s). We are bringing these safety deficiencies to your attention so that you can take corrective action. You do not need to respond to this letter.

FMCSA encourages you to visit the FMCSA Portal Website at <https://portal.fmcsa.dot.gov/> to review your company's safety data, assess your safety management processes and practices, and take steps to improve compliance. Using your Personal Identification Number (PIN) above, you can create a USER ID and Password, which will allow you to see your entire safety record. It contains information that is only available to you and FMCSA-authorized enforcement personnel.

If you believe you have been improperly or erroneously cited for a violation during a roadside inspection, you may file a request for data review through FMCSA's DataQs program. The DataQs program allows motor carriers and drivers to request a review of information such as Federal and State-reported crash and inspection reports in FMCSA safety databases. Follow the link <https://dataqs.fmcsa.dot.gov> to access DataQs.

FMCSA will continue to assess your safety performance on a monthly basis. You can demonstrate improved performance through roadside inspections without violations. If your safety performance and compliance do not improve, FMCSA may conduct additional interventions that could result in penalties and/or sanctions, including fines, suspension of State vehicle registration, revocation of your company's operating authority, or an order to cease operations. FMCSA will not issue penalties or sanctions on the basis of this warning letter alone.

If you have additional questions regarding this matter or need assistance, please contact the following:
